

Dyrham Park Infrastructure Project Community Consultation Dyrham & Hinton village hall Tuesday 12th February, 5.30pm – 7.30pm

An invitation to learn about Dyrham Park's Infrastructure project – to extend the stables tea-room, develop a catering offer in the park, and relocate the visitor welcome building and car park. Finally to tie all the elements together from an access viewpoint a series of all-weather walking routes are to be created around the parkland.

This is a drop-in event where you can meet the Project Manager, Tim Cambourne, and the architectural team, and learn about our design schemes at this early stage. We're keen to understand any concerns you may have and invite your thoughts on each area of the project.

We look forward to seeing you. No RSVP required.
